Dear Colleagues,

The 28th European Congress of Psychiatry, organised by the largest international association of psychiatrists in Europe, will take place on **28-31 March 2020 in Madrid, Spain**. The city's rich past has produced some of Europe's most awe-inspiring artwork, architecture, and landmarks, alongside a far-reaching cultural contribution to language, music, and cuisine. Madrid is among many European capitals that all boast an impressive artistic and historic heritage, and this collective European legacy extends well into the realm of science, where common approaches and shared objectives have led us to great and rapid progress.

To celebrate our remarkable scientific legacies, the 2020 congress will take place under the motto **"The Shared Heritage of European Psychiatry"**.

Indeed, we have a fantastic heritage in psychiatry, thanks not only to eminent clinicians and patients involved in research but also to the combined knowledge we gain from social-, neuro- and computer sciences. Attending the EPA congress means sharing our experiences and knowledge to uncover new insights on the complex disorders we treat, exchange practical techniques and guidance for everyday clinical challenges, and reinforce our commitment to our patients and their carers.

We feel confident that EPA 2020 Madrid will serve as a place of learning where we can all share the latest models, approaches, and research, continuing with all the best traditions of the European Psychiatric Association and representing for all participants a treasured personal and professional experience.

We look forward to welcoming you to the heart of Spain!

Philip Gorwood
EPA President & Scientific
Programme Committee Chair

Julio Bobes
Local Organising Committee
Chair

5 REASONS TO ATTEND:

- Workshops and courses to sharpen your skills
- Scientific sessions to refresh your knowledge
- Debates and discussions to voice your experience
- Social programmes and session breaks to meet your colleagues
- E-Poster stations to present your latest research

Early Registration Deadline: **21 January 2020**
