

CHEPLAPHARM Arzneimittel GmbH _ Ziegelhof 24 _ 17489 Greifswald _ Germany

Statement „Stock situation ZypAdhera, 27.06.2024“

Dear Sir or Madam,

We would like to give you an update on the current supply situation for ZypAdhera in Belgium.

We currently have a shortage for ZypAdhera 405MG and limited availability for ZypAdhera 210MG and ZypAdhera 300MG.

For all three strengths we already have a new production running which will be finalized by the end of June.

The replenishment for ZypAdhera 405MG is expected to arrive in the market around mid of July and will contain a quantity covering two months of local demand. Further replenishments are expected in the course of August.

For ZypAdhera 210MG and ZypAdhera 300MG we currently don't foresee a complete stock out period, but expect that the current stock levels will cover usual market demands until the next replenishment arrives.

Sincerely,

CHEPLAPHARM Arzneimittel GmbH
